JUNIOR PROM

SENIOR BREAKFAST

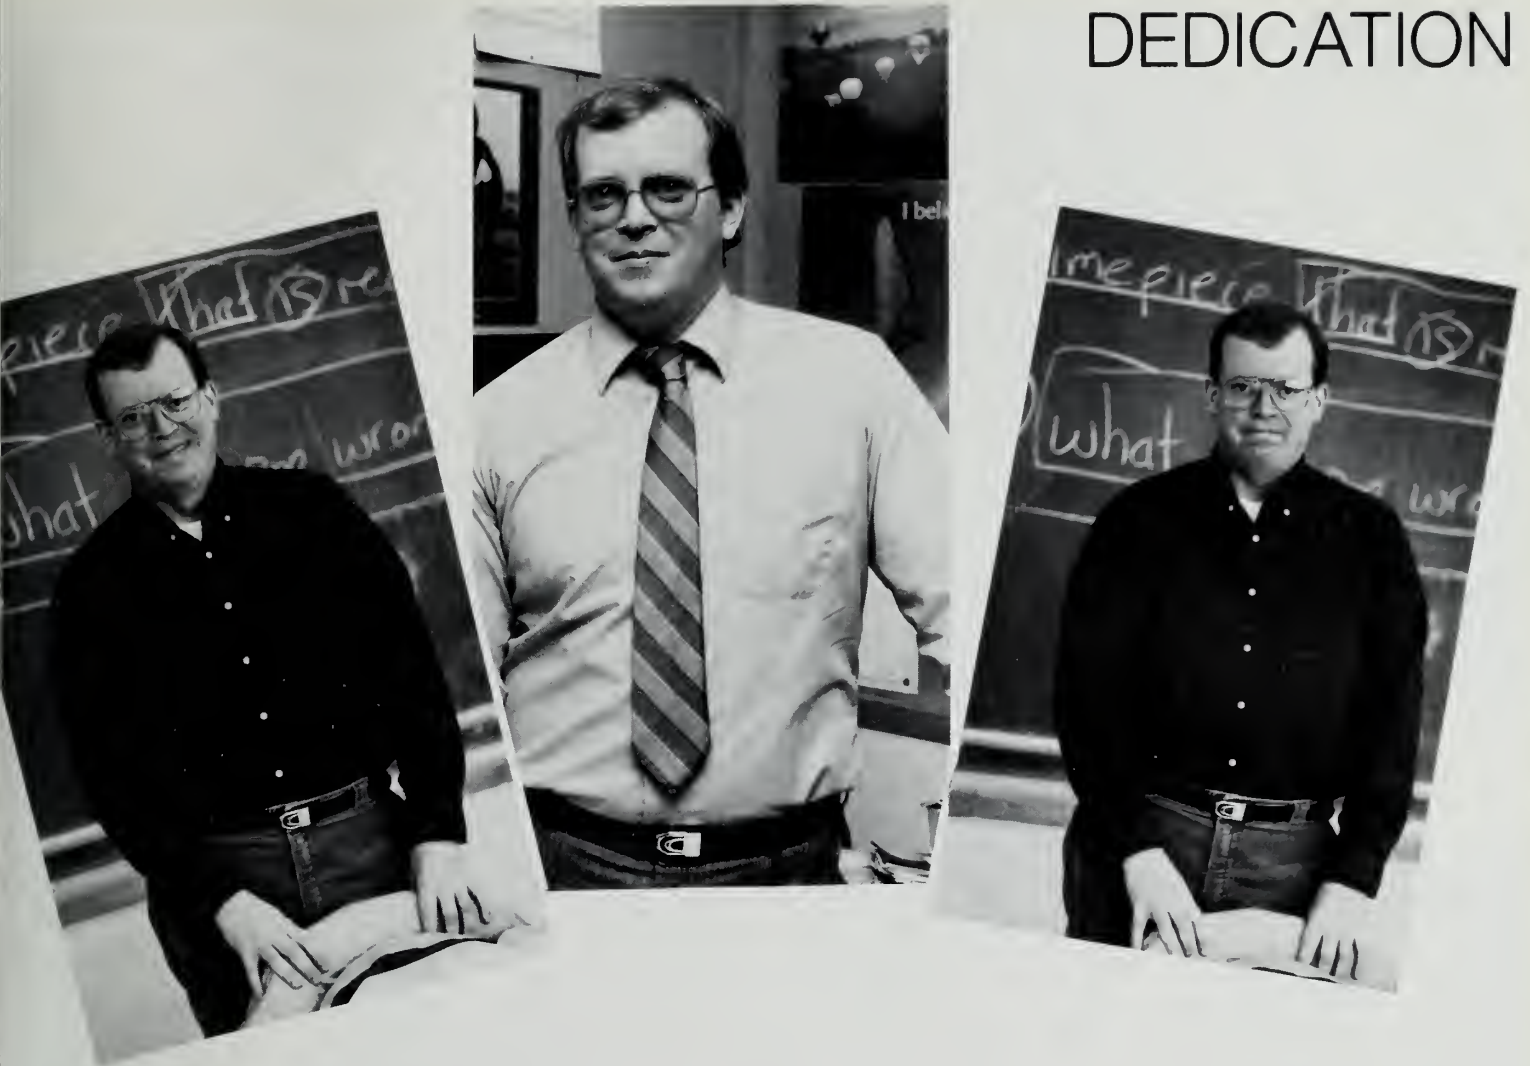

DEDICATION

MR. GEORGE FARRELL

The Class of 1991 dedicates our yearbook to Mr. George Farrell who has been a loyal supporter of our class.

In his classroom he has contributed to our knowledge and love of English, by providing us with the benefit of his expertise. He has made a great contribution to our class through his efforts and time in the drama program. We are fortunate to have had him as a play director and his assistance with the musical.

Our high school years have been greatly enriched by having Mr. George Farrell share our years at Canton High School. For his contribution to our class we dedicate to him ECHO '91.

MATH TEAM

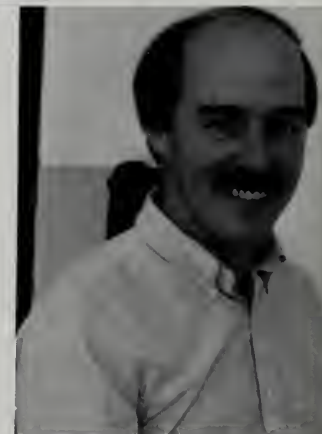

Most people assume that a math team is just an academic group. The Canton High Math Team, on the contrary, is far more than that. Our math team is a group of people who have worked hard in and outside of the classroom. Our success has paid off. Of course we take this activity seriously, but when the day of a math meet comes, the all important questions are, "Where are we going for dinner?", "How many different shades of green does Mr. Badoian have on?", and "Will Mr. Sweeney be able to get a perfect score!"

Apparently, we've been doing something right. We have dominated both the Massachusetts Mathematics League and the Greater Boston Mathematics League for over a decade. We hold an unprecedented record for the most consecutive wins in the State and New England competitions. We owe much of our team's success to our wonderful teacher and coach, Mr. Martin Badoian. With the help of his colleagues, Mrs. Veronica Powers and Mr. Bill Sweeney, he has motivated his students to perform above and beyond their abilities. We, the members of the math team, wish to take this opportunity to thank our teachers for all the time they have dedicated to us — thanks!

The first year of Canton High School's Spectrum was a success. They have made lots of progress in improving the newspaper under the guidance of Spectrum's new advisor, Mr. Ladow.

There were many changes made to the newspaper over the past year. The name is an example. Spectrum was chosen because it represents a range of ideas and opinions. The newspaper is one of the few true voices Canton High students have. Students should always remember that they have the opportunity in Spectrum to express how they really feel.

The Echo Staff is proud to present Echo '91 as a final tribute to the Class of 1991. Although our years at C.H.S. are over, our memories will live forever. This yearbook illustrates the many characteristics each one in our class has displayed throughout the past four years.

Our advisors and staff have worked endlessly making deadlines, locating sponsors, and preparing pages. Their work has proven to be very successful and will provide for us a lasting memory of our senior year. We would like to express our sincere gratitude to those who have made this yearbook possible, especially Mrs. Devine, Mrs. Healy, Mr. Berube, and the Canton High School secretaries.

Our best wishes,

*Kristen Close
